

Debt obligations of the Rosseti Group

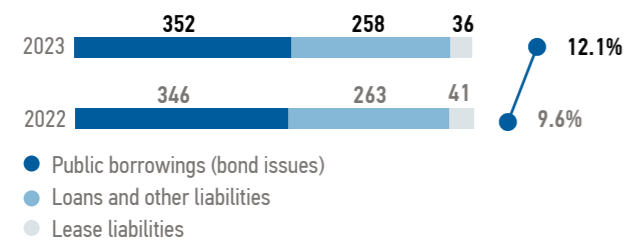

The Company maintains a moderate level of debt burden. There is no currency risk associated with borrowings, as 100% of debt is denominated in Russian Roubles.

The level of Rosseti Group's debt did not change significantly in 2023.

The Rosseti Group's cost of debt for 2023 increased from 9.6% p.a. at the beginning of the year to 12.1% p.a. at the end of the year and is below the market level (according to Bank of Russia's statistics, the average lending rate for a period of 1 to 3 years in December 2023 was 14.4% p.a.).

The Rosseti Group's debt portfolio mainly consists of long-term borrowings; the weighted average maturity of the portfolio is more than 7 years.

PJSC Rosseti is the principal borrower among the Rosseti Group's companies. PJSC Rosseti's debt portfolio is evenly distributed between fixed-rate bond loans and bank loans/bonds with payments linked to a floating indicator.

For 2023, PJSC Rosseti also placed five issues of exchange-traded bonds with a total nominal amount of RUB 42 billion:

- 21 February 2023, bonds of 001P-08R series worth RUB 12 billion, with a coupon rate equal to the key rate of the Bank of Russia +1.3% and a 5-year term until put date
- 25 April 2023, bonds of 001P-09R series worth RUB 5 billion, with a coupon rate of 10.44%, period to maturity of 5 years and 001P-10R series worth RUB 10 billion, with a coupon rate of 11.15%, period to maturity of 7 years
- 12 December 2023, bonds of 001P-11R series worth RUB 10 billion, with a coupon rate defined as the average of the Bank of Russia key rate for the coupon period +1.05%, period to maturity of 6 years and 001P-12R series worth RUB 5 billion, with a coupon rate of 12.80%, period to maturity of 3.5 years

The weighted average cost of the debt portfolio of PJSC Rosseti as of 31 December 2023 was 9.11% p.a., which is 1.93% p.a. lower than as of 31 December 2022 (11.04% p.a.). The decrease in the weighted average cost of the debt portfolio was caused primarily by the decrease in the level of the consumer price index.

State support

In December 2023, in accordance with the Budget Code of the Russian Federation and decisions of the Government of the Russian Federation, the Russian Federation contributed funds as payment for additional ordinary shares of PJSC Rosseti, the issue of which was registered by the Bank of Russia on 21 August 2023 under the number 1-01-65018-D-109D.

Pursuant to the Budget Code of the Russian Federation, PJSC Rosseti was granted federal budgetary investments in the form of a contribution to the authorised capital of PJSC Rosseti in the amount of RUB 1,294,025,600 (One billion two hundred ninety-four million twenty-five thousand six hundred) under the agreement between PJSC Rosseti, the Minenergo of Russia and Rosimushchestvo No. 022-18-2023-002 dated 26 December 2023.

Tariff policy

The Rosseti Group's companies are subject to state regulation due to their monopoly position in the market.

Tariff policy for electricity transmission services

Based on the Forecast of Social and Economic Development of the Russian Federation for 2023 and the planning period of 2024 and 2025 approved by the Government of the Russian Federation, the national average regulated tariffs for electricity transmission services for all categories of consumers is set at 9.0% as of 1 December 2022. There are two tariff levels for transmission services — federal and regional:

- FAS of Russia approves prices (tariffs) for electricity transmission services over the Unified National (All-Russian) Power Grid, as well as maximum and (or) minimum tariff levels for electricity transmission services

On 28 December 2023, the Russian Federation represented by Rosimushchestvo placed 2,588,051,200 new ordinary shares of PJSC Rosseti with a par value of RUB 0.5 each at an offering price of RUB 0.5 for the total amount of RUB 1,294,025,600.

In accordance with the Budget Code of the Russian Federation, subsidiaries of PJSC Rosseti were granted subsidies from the federal budget in 2023 as follows:

- PJSC Rosseti Northern Caucasus in the amount of RUB 1,208.182 million to reimburse expenses related to the maintenance and repair of distribution grids in the Republic of Dagestan, as well as the completing of an emergency reserve with necessary equipment and materials, under the terms of agreement No. 022-11-2023-026 dated 28 December 2023 between PJSC Rosseti Northern Caucasus and the Minenergo of Russia
- JSC Chechenenergo in the amount of RUB 818.124 million to reimburse expenses related to the measures to improve the reliability of the power grid complex of the Chechen Republic under the terms and conditions of agreement No. 022-11-2023-025 dated 22 December 2023 concluded between JSC Chechenenergo and the Minenergo of Russia.

In accordance with Resolution of the Government of the Russian Federation No. 2053 dated 14 November 2022, the tariff level for transmission services from 1 December 2022 and for the entire 2023 calendar year is set at +9%; the tariff for electricity transmission services on the Unified National (All-Russian) Power Grid provided by the management organisation of the Unified National (All-Russian) Power Grid from 1 December 2022 to 30 April 2023 is set at the level of +11.5%, from 1 May 2023 to 31 December 2023, with consideration of an additional increase of 6.3% in relation to the tariffs that were in effect as of 30 April 2023, in accordance with Order of the Government of the Russian Federation No. 1113-r dated 28 April 2023 since 1 May 2023.

As part of the procedure for approving the exceeded tariff ceilings with the FAS of Russia for 22 regions where PJSC Rosseti's subsidiaries operate, the regions' applications for setting tariffs for electricity transmission services with indexation above 9% were approved.
